GENERAL

- Presentation plans and model home may show optional features which are not included in the price
- Buyer to pay \$400.00 toward the cost of the survey as an adjustment on closing (seller to pay the remaining portion of the cost)
- Manufacturer's warranty, where applicable
- Prices and specifications subject to change without notice
- Square footage is approximate. Home may be reversed on lot
- Elevation may be reversed from handouts
- All drawings are artist concepts
- The seller has the right to substitute materials, provided the quality is equal or better, and to make minor changes to plan siting and specifications; provided there is no objection from the Mortgage lender (if applicable) or the Municipality
- Buyer to make interior & exterior selections within twenty (20) days from removal of all conditions in agreement. Changes and/or

amendments exceeding this, twenty days from removal of all conditions, will be subject to a \$395.00 administration fee per item. Changes not received at head office in this time frame may not be deemed possible

- Buyer understands & agrees that nail popping, corner bead shrinkage & any other surface cracking will be repaired by the seller at no charge to the buyer (excluded is repainting) at one time during the first year of possession
- The buyer has been advised that for safety reasons, access to the above-mentioned lot during construction is prohibited unless accompanied by an authorized representative of the builder. The buyer's entry on the job site is at their own risk at all times
- Tarion new home warranty enrollment fee is the responsibility of the buyer and is adjusted on closing
- Changes to the plan by the appropriate authority may be required. These changes are outside the control of the contractor. The buyer agrees to any changes by such an authority
- All construction is in accordance with the Ontario Building Code
- Garage sizes may vary from handout and will be determined by lot size
- Placement of sidewalks, driveways and sod; Timing and placement will be determined by the proper authorities, weather conditions and phasing of the subdivision
- Two storey plans may require bulkheads to distribute heating and plumbing to second floor
- When personalizing plans, it will be necessary to have them engineered. The Buyer agrees there may be additional charges for this service plus material costs. Please note some changes to the plan cannot be made. All final changes and charges to be agreed upon by the buyer and seller
- All colour and finished selections are to be made from the builder's standard samples, upgrades may be chosen, and the buyer acknowledges there will be additional charges. The buyer acknowledges and accepts that variations in colour and shade may occur; especially in natural wood products and the availability of colours and patterns may vary from those displayed at

the time of the colour selection. All selections and upgrades must be completed and signed prior to construction (including the lighting selections). Selections that have not been completed by a specified date will be completed by the builder on the buyer's behalf. The builder may require full or partial payments of any upgrades prior to construction.

- When selecting Berber carpeting please be aware that Berber will tend to fray and separate much easier than normal plush carpeting and it is not recommended for clients with animals. The vacuum beater bar will cause damage to the Berber and this damage is not covered under warranty. Earth Park Homes will warranty Berber carpeting only in a case of defect in workmanship or materials outlined by the manufacturer.
- When selecting hardwood flooring, it is the buyer's responsibility to maintain humidity levels between 30%-50%. Levels above or below the recommended levels may cause severe damage due to expansion and contraction and may void any warranty. Hardwood flooring is a natural product. Cracking and splitting of boards can and does occur. Chipping to the edges of individual boards is also a common occurrence. By choosing to install hardwood floor, the buyer acknowledges and accepts that Earth Park Homes does not warranty the above-mentioned items.
- Buyer acknowledges that variations in colour / shade / uniformity may occur.
- Shingles when installed in cold temperatures may not have enough time to seal. Strong winds may blow some off and these areas will be replaced at no charge to the buyer.
